9. Mr. Saunders and the undersigned attended a meeting in the State Department in connection with the Psychological Strategy Board. A proposed agreement between the three agencies was discussed and various changes made. A clean draft will be forwarded for further study by CIA. It was pointed out that CIA had not made a policy decision with respect to super grades to be hired by CIA for detail to the Board. It was indicated that there would be a preference for knowing precisely what grades were requested by Mr. Gray in order that the question could receive consideration at an appropriate level at CIA. A full memorandum of the meeting will be found coming to Mr. Peel.
